

SURFACE COATINGS AUSTRALIA

JOURNAL OF THE
SURFACE COATINGS
ASSOCIATION AUSTRALIA

editorial – content, calendar, deadlines

Editorial content

The SCAA journal is a monthly publication discussing the finer details of surface coatings. Each month, Surface Coatings Australia delivers at least one substantial technical article and, in most issues, two such articles are published. The content also includes news pages covering Industry News, Product News and Asian News as well as detailing the next two or three month's schedule of meetings for each State Section and summaries of recent meetings in each State. News from the APMF (Australian Paint Manufacturers' Federation), APAS, International and local conferences and meetings are also regular inclusions in the Journal, which is distributed free to all members of the Association.
