## SURFACE COATINGS TEXTBOOK VOLUMES 1 & 2

### VOLUME 1 - RAW MATERIALS AND THEIR USAGE - THIRD EDITION

"Surface Coatings - Raw Materials and Their Usage - Third Edition" was conceived with the aim of including all world-wide developments. To this end, authors from around the globe have made contributions from their particular area of expertise. For example, the text includes chapters written by technical experts from eminent raw material manufacturers such as Cray Valley, Wacker, Rohm & Haas, Halox, Byk, Qualon, Rheox, Servo.

All chapters have been updated to reflect 'state of the art' technology and additional chapters have been included to embrace such technical areas as:

- Opacifiers for Latex Paints
- Gelcoats
- Safety in the Workplace
- Rheology Modifiers
- Water Reducible Resins (including Urethanes and Epoxies)

#### "Raw Materials and Their Usage - Third Edition"
